Sammy Harris, Manager of Kid Williams, Says Latter Was Victim of Frame-Up.

Coursell 1915 by The Press Publishing Co. SAMMY HARRIES, manager of Kid Williams, says that Williams was robbed in St. Paul when the referee disqualified the bantamweight champion for striking a foul blow

"Williams was guaranteed \$2,000 and \$100 expenses, not \$4,000, for Septing Ertle If you ever see Ertle box you'll agree with me that he is ng but a second-rater at the best. As early as the third round I realised that I was the victim of a frame-up. In that session he began to yell 'foul' when there was nothing one. In the fourth Williams put down three times, and each time he yelled 'foul' when there was no occasion for it. Although the has never been accused of fouling at any time, I cautioned him to be exceptionally careful. He has fought all the best bantame in the country, and there has never been even the mention of a foul blow struck. I have received dozens of letters from disinterested spectators, mostly residents of St. Paul, who reretted the high-handed methods that were used in an effort to steal the title from Williams. I know Ertie and his manager will make all they can out of the affair, but it will gain them nothing in the end.
"Referce Barton left the ring with-

out saying a word, and nobody made any decision about a 'foul' except a physician, a friend of Ertle's, who examined Ertle. Incidentally, when the physician said he thought Ertle must have been fouled, both Ertle and his manager did a regular jig in their corner.

"To show you what I think of Ertie and his chances against Williams, I am willing to put up \$5,000 in your hands to go as a side bet that Williams will knock out Ertie a twenty-round bout at 118 pounds 'ringside, for the world's title. If anybody thinks I'm bluffing, let them call, and I'll bet it that Williams not only wins, but knocks Ertle out. If such a bout is arranged, I'd insist upon one of the following as referee: Charlie White of New York: Billy Rocap, Philadelphis; Ed Smith, Chicago; Matt Hinkel, Cleveland, or Tom Andrews, Milwaukee. Certainly Ertle could object to none of them. Very truly yours.

SAMMY HARRIS, Manager of Kid Williams, World's Champion Bantamweight."

The only hardship connected with gathering that \$18,300 was the four weeks of training. And who wouldn't do a bit of mild and regular exercise if paid for it at the rate of about \$750 a day? he placed men of supposedly average ability. These, including Whitted. Fistic News and Gossip - By John Pollock -

Well do I remember the old pennaut days of 1907-08-09. Detroit did not have a great pitching staff even then. Weakness in the box caused the loss of three straight world's series. But Jennings had in Wild Bill Donovan would start to skid Donovan would go out and pitch. Johnny Dundee, who is to swap ! of be skid Donovan would go out and pitch six or seven innings of airtight base-ball.

"Now," he would say, "I have started you on the right road against these suckers. Go in and finish it."
